WHERE IT GOES
This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Panel 413 wide x 485 tall, corners rounded 5 mm.

Four vent slots 60 x 15 mm, 20 mm apart, 45 to 60 mm below the top edge.

Four 6.5 mm holes, 197.5 mm each side of center, 100 and 400 mm up, for M5 knurled thumb screws.

Fit: on the shield's back flanges, over the cabinet door, 25 mm behind it. Undo four thumb screws to reach the door.

Check: it comes off and goes back by hand in a minute.

CityTwin shield back panel (outdoor sites): making sketch
